into the subject of

I accordingly submit the question for the orders of His Highness the Mukhtar Regent, with the recommendation as follows: —

That annual payments in reduction of debt prescribed by order of 10th December 1896 be deferred for four years, on the distinct understanding that the Mutt utilizes the amounts Rs 12500 per annum to discharge the existing debts as per statement C and certifies its having done

I submit the above proposal for kind consideration & gracious sanction of His Highness. This proposal will free the mutt in 3 years from debts & private parties, and then (from 31 May 1904) the payments towards repayment of the Palace will begin again. Submitted in obedience to Secretary's orders on Comptroller's letter No. 342/61 dated 21st July 1900, regarding the Palace loan to Durbar Matt.

—

The balance of the loan on 31st May 1896 was Rs: 80027.2.0.* Referring to this, Government authorized the Comptroller to advance to the Matt a sum which would raise the debt on 1st June 1897 to Rs 1,25,000.*

* Vide Comptr's No 4675 dt 13.2.94 (Serial No. 30). (Also " 32)

* No. 6706-9 dt 10.12.96 this 1267 (Serial 33)

It was on the authority of this proceedings that the balance on 1st June 1897 was put down as Rs 1,25,000 in the latest* order of 5th May 1900. The subsequent calculations are all correct.

No. 12122-25 dt 5th May 1900 this 3536 (Serial 41)

According to the Comptroller's figures, the

balance on 1st June 1897
is Rs 112027. 2. 0, but it
is not practicable to verify
this figure as the details
of transactions effected
subsequent to 31st May
1896, are not given. It
is also noticeable that
out of the annual pay-
ment of Rs 12,500/ made
by the Matt in May 1898,
Rs 5738. 7. 8 have been
credited towards interest,
tho' the actual interest
on 1,25000 for a year comes
only to Rs 5000. It is
possible that a small
item of interest which
remained unpaid has
since been adjusted. I
wrote to the Comptr's Office
for the information, but
I was not given a reply.

I beg therefore to
submit for approval
a draft calling for additional
information, which, when
received will enable the
Office to verify the figures.

Submitted to Huzur Head Sheristedar, in obedience to orders on Comptroller's letter No. $\frac{1873}{257}$ dt 13. 9. 00.

Kurub See Serial No 42 - This was referred to me by the Secretary, with orders to trace out how there was a difference (of Rs 144. 0. 2) between the figures given in Pro: No. 12 122. 5 (3.556) dt 5. 5. 00, and those arrived at by the Comptroller in his No. 342 dt 14. 7. 00 (Serial 42). As the file did not contain the requisite information, further information was called for in No 43 - from the detailed statement of credits and debits now furnished, the difference is found to be due to adjustment of interest as follows: —

× Serial No 41.

Figures as given in the Govt pro: (approx.)	Rs	Figures as per Comptr's statement (actuals)	Rs
Interest for 1897. 98.	5000.	Balance of interest at the close of 1896. 97 —	376. 11. 3.
98. 99.	4700	Interest for 1897. 98.	4761. 12. 5
Total	9700	do 1898. 99.	4705. 8. 6
		Total -	9844. 0. 2
		Difference	144. 0. 2.

In accordance with the above calculation, the balance of debt payable to the Palace on the 1st June 1899, amounts to Rs 109844. 0. 2

in lieu of Rs 109700 mentioned in the proceedings —

I therefore resubmit the papers, with a ⊗ draft recording the statement, and requesting the Comptr to send a copy of the same to the DyPr for information and communication to the Mutt as has been done on a former occasion (Vide Serial No. 31 in the file) — The delay was unavoidable, as I was busily engaged in other more pressing work connected with the Atlas, Retrospects &c &c —

No. Camp. I. } Enclosures No. Two Vernacular Papers.

Adverting to Comptroller's letter No. 4122 dated 17th February 1893, has the honor to enclose herein a Statement from which it will be observed that the amount of interest calculated in different offices varies as briefly explained therein -

The Srungeri Amildar construes as if it was not the intention of Government in their Proceedings No. 9479-82. (Str 3) 1121 dated 28.11.91 / 4.12.91 to levy interest, as each instalment is paid by the ryots. This matter is before Government (vide Copy of this office docket No. 164 of 17th September (Str. 4) last).

last.) The Amildar however States that even if it should be decided that the interest must be paid with each instalment, it will have to be calculated upto 31st May, (Note.- The Condition is stated to be that accounts should be closed by 31st May every year) by which date the first yearly instalment was paid by the matt, though it was not credited in the Treasury under the proper head until August. The Amildar further alleges that the Loan having been received from the Mutt Karbhari on the 26th November 1891, the interest will have to be calculated from the 27th November (Note.- The Amildar says that interest is not, in the Case of running accounts generally calculated both for the date of receipt & date of payment).

The Sringeri Amildar's detailed = = narrative report is enclosed for perusal and kind return.

A Copy of this docket is also forwarded to Government for information.

Sir,

I have the honor to bring to your notice that it is stated in Government Proceedings 6706-9 (33) dated 10th December 1896 that the loan sanctioned to the Sringeri Mutt should start on the 1st June 1897 with a principal of Rs 125000/-, and at the same time that the first instalment towards repayment should be paid on 31st May 1897. If the first instalment be paid on 31st May 1897, then the loan will start on 1st June 1897 with a principal of only Rs 112500/- I have therefore the honor to request that you will be so good as to intimate whether "31st May 1897" is not a clerical error for "31st May 1898". I solicit the favour of an early reply.

Sir,

I have the honor to bring to the notice of Govt that on the 30th of March 1897, I issued a circular to all Dy Commissioners of Districts requesting them to intimate whether in cases of loans and advances requiring mortgage or hypothication of property, regular mortgage deeds or security bonds had been executed by the parties concerned and lodged in the Govt Treasuries as required by the rules. From the replies received it is observed that, except in the three cases noted below, the requisite deeds and bonds have been obtained and lodged.

* File put up
o File in Dist
+ File is with Secy.

+ (1) Loan granted by the Palace to the Sringeri Mutt.

o (2) Loan granted to the Sivasamudram Jaghirdar for the extension of the Ramasami Channel.

* (3) Loan granted to Mr Syed Amir Ali for the manufacture of "Hussaini Coffee Peelers".

(1) In the first case, the Dy Commissioner Kadur Dt states that the loan was granted on the Mutt's Execunkhan and that no regular deed appears to have been executed.

+ Serial No 3.

executed. In the Govt Pro: No 9479-82/1121 dated 28th November 1891 sanctioning the loan, no mention is made about obtaining any bond from the Mutt, and it is stated that the revenues of the Sringeri Jaghir (about Rs: 68,607) and the Muzrai allowance (Rs: 6,000) will be held as securities.

(2) As regards the second, the Dy Commissioner Mysore District, states that the mortgage deed was "not executed here". But from the Govt Pro: sanctioning the loan it is observed that the Inamdar agreed to the Purigal Village of the Jaghir being kept under Govt Management until the Govt debt is discharged and that the Village is now said to be under Govt management. I may state here that this debt is all but discharged, there being only a balance of Rs: 497-3-5 still due, which will in all probability be paid up before the close of this official year.

No bond at present necessary

(3) With regard to the third, the Dy Commissioner, Hassan Distt forwards for information copy of Mr Amir Ali's letter wherein he states that he "has not executed any bond, but the Pro: of Govt contains the clear idea of the entire transaction". Nothing is mentioned in the Pro: sanctioning the loan about obtaining any bond from Mr Amir Ali.

I have therefore the honor to request that you will be so good as to inform me if any bond is necessary

In December 1891, the liabilities of the Sringeri Matt amounted to Rs 1,75,000. As this large amount had been borrowed from Sawkars at such high rates of interest as 9 and 12 P.C. per annum, the revenue of the Jahgir was not adequate to meet the charitable expenses of the Matt. after paying interest to the

Bs Gurkaras. No 6706-9 3

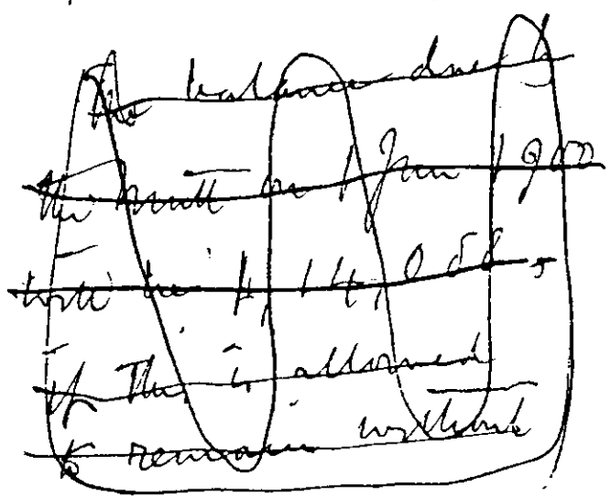
1. The loan
to Dec 97.
of the Matt of 1 1/4 Lac
has effect from 1st June 1897,
is repayable by 13.02 annual payments
of Rs 12500, the first of
such payments being made
on 31 May 1898.
The Matt is reported to have
paid Rs as follows:—
Rs 12500 on 31 May 1898
12500 on ——— 99.

The Jayer collections of the Matt
for Current year are in
hands of the Govt. They are said also
to amount to some Rs 15,000
— That the annual payment
for Current year 12500 has
to be deducted for it and the
balance remitted to the Matt

When last at Sringeri I
enquired into the subject
of the Matt's debts. It is a
fact that any portion of the
debt was left outstanding
when H.H. came forward
to graciously to free
the Matt from creditors —
It was understood however

several creditors. In the year 1891 when His Holiness was in Mysore, H. H. the late Maharaja Chamarajendra Wodeyar to whom the above circumstances were represented was graciously pleased to sanction the grant of a loan of Rs 1,25,000 to the Mutt from the Palace Funds at 4 P.C. per annum. This amount which was partly drawn from the Palace Treasury and partly from the Kolar Taluk Treasury was wholly paid to the creditors whose debts were all liquidated with the exception of Rs 50,000 which, however, was allowed to remain, with the expectation of repaying it out of the additional income that would have to invested in Jewels for the Temple; when the Mutt had to meet the more pressing demands of Creditors - But it would be extremely unpopular now to convert the Jewels into money for the purpose of repaying the outstanding debts amounting to Rs 50,000/ as per Statement C.

Accordingly submitted the question for the orders of H. H. the Maharani Regent



with the recommendation as follows:-

That annual payments in reduction of debt prescribed by Government Order No. 1089 of 1899 be deferred for four years, on the distinct understanding that the Mutt utilises the amounts to discharge the existing debts as per Statement C and certifies its having done so on each 1st June during 1900, 1901, 1902 & 1903 - The payments in towards the Palace debt to be resumed from ~~1st June~~ May 1904, the first of such resumed

accrue to the Mutt during the tour of His Holiness in Southern India. Though the net income of the tour was enough to repay this debt, the expectation was not realised as the money was spent in getting certain jewels made for Sri Saradamba and Sri Chandramaulisvara. A list showing such jewels with their prices is appended for perusal (Please See Statement A)

2. From May 1892 to May 1896, a sum of Rs 65,701-4 was paid towards the principal and interest of the Palace loan by annual instalments of Rs 12,500. On the return of His Holiness to the Head Quarters as some new buildings had to be constructed at Sringeri

a request was made to the effect that the amount paid from the Gratt towards the Palace loan might be returned, allowing that loan to remain at the original sum of Rs 1,25,000, at the end of May 1897. The request was kindly complied with and the sum of Rs 44,9724-0 which had been credited towards the principal was returned to the Gratt. A statement showing the buildings constructed with the amounts spent on each is hereto annexed. (Please see Statement B.)

3. Subsequently two instalments of Rs 12,500 each have been paid, one in May 1898 and the other in May 1899.

Payments being made on 31 May of that year

The account will be as follows:-

4. As the Jhatt has not been able to liquidate the debt of Rs 50,000 due to the Sowcars, which was allowed to remain in 1891, and on which a high rate of interest is being paid, it is humbly requested that an additional loan of Rs 50,000 may kindly be granted to the Jhatt, the whole loan being made repayable by annual instalments of Rs 12,500 beginning from the year 1900. If this request be kindly granted, it will be very convenient to carry out

the charitable works of the Gnatt without any trouble and also to pay regularly the annual instalments of Rs 12,500 to the Palace. A statement of the debts due from the Gnatt is appended for kind perusal (Please see Statement-6.) Kind compliance with the above request is earnestly solicited.

Memo

Submitted for H. E. the Dewan's kind consideration.

In December 1891, the liabilities of the Sringeri matt amounted to Rs 1,75,000. As this large amount had been borrowed from Sowcars at such high rates of interest as 9 and 12 P.C. per annum, the revenue of the jahgir was not adequate to meet the charitable expenses of the Matt — after paying interest to the several creditors. In the year 1891, when His Holiness was in Mysore,

H. H. the late Maharaja ~
Chamarajendra Wadayar
to whom the above circum-
-stances were represented,
was graciously pleased
to sanction the grant of a
loan of Rs 1,25,000 to the Mutt
from the palace Funds at-
4 P.C. per annum. This
amount which was partly
drawn from the palace
Treasury and partly from
the Koppa Taluk Treasury
was wholly paid to the ~
creditors whose debts were
all liquidated with the
exception of Rs 50,000, which,
however, was allowed to
remain, with the expectation
of repaying it out of the
additional income that
would accrue to the Mutt
during the tour of His

Holiness in Southern India. Though the nett income of the tours was enough to repay this debt, the expectation was not realized as the money was spent in getting certain jewels made for Sri Saradamba and Sri Chandramouleswara. A list showing such jewels with their prices is appended for perusal (please see Statement-A).

2. From May 1892 to May 1896, a sum of Rs 65,701-1-2 was paid towards the principal and interest of the Palace loan by annual instalments of Rs 12,500. On the return of His Holiness to the Head Quarters, as some new buildings had to be

constructed at Sringeri, a request was made to the effect that the amount paid from the Math towards Palace loan might be returned, allowing that loan to remain at the original sum of Rs 1,25,000 at the end of May 1897. The request was kindly complied with, and the sum of Rs 44,972-14-0 which had been credited towards the principal was returned to the Math. A statement showing the buildings constructed, with the amount spent on each is hereto annexed. (Please see statement B).

3. Subsequently two instalments of Rs 12,500 each, have been paid, one in May 1898 and the other in May 1899,

towards the palace loan.

4. As the matt has not been able to liquidate the debt of Rs 50,000 due to the sowcars, which was allowed to remain in 1891, and on which a high rate of interest is being paid, it is humbly requested that an additional loan of Rs 50,000 may kindly be granted to the Matt, the whole loan being made repayable by annual instalments of Rs 12,500 beginning from the year 1900. If this request be kindly granted it will be very convenient to carry out the charitable works of the Matt without any trouble and also to pay regularly the annual instalments of Rs 12500 to

the Palace. A Statement-
of the debts due from the
Abatt is appended for
kind perusal (Please see
Statement- C). Kind Com-
-pliance with the above
request- is earnestly —
Solicited

that the loan of Rs:
125000 granted to
the Sringeri Matt in
1891 from the Personal
Estate of His Highness
the Maharaja, and
since reduced by the
instalments paid by
the Matt, be raised
to the full sum of
Rs 125000 and be
liquidated by means
of instalments as
prescribed for the
original loan -

stating that the date
on which the "first"
instalment of the
said loan is repay-
able by the Matt
is 31st May 1897
mentioned in the
proceedings read
above, is a clerical
error for 31 - May
1898.

(3) Memo of Warrant
dated submitted by
the Agent of the Matt on March 1/10
bringing to notice
that the loan pre-
viously granted was
utilized for other pur-
poses and requesting
grant of an ad-
itional loan of Rs:

Matt Ao. liquidate certain existing old debts &c

8 Order thereon No. 12122-5 / 3556 dated Camp Ootacamund 29th ~~April~~ 1900 - 5 July 1900.

By Government proceedings No. 6706-2 Revs 1267 dated 10th December 1896, read above, the loan to the Matt of Rs 12'5000, has effect from 1st June 1897, and is repayable by 13·02 annual payments of Rs ~~1250~~ 1250, the first of such payments being made on 31st May 1898 -

2. The Matt is

reported to have paid
as follows:—

Rs 12 500 on 31st May 1898.

" 12 500 on 31st May 1899.

3. The Sayer Collections of the Matt for the current year 1899. 1900, are in the hands of the Government. They are said already to amount to some Rs 18000/ The annual payment for the current year, Rs 12 500, has to be deducted from this amount, and the balance repaid to the Matt-

4. The Dewan when at Singapore in July last enquired into

the subject of the Late
debts — The Revenue from
the Agent heads
above gives details
of the debts now
outstanding. It is
observed therefrom
that the Com-
-ercially sanctioned
loan ~~has not been~~ utili-
-zed for other
purposes — It is a
pity that any por-
-tion of the debt
was left outstand-
-ing when His late High-
-ness came forward
so graciously to
free the Mutt from
creditors — It was
unwarranted policy to
have invested in
Jewelry for the temple

when the Matt had
to meet the more
pressing demands
of the creditors - But
it would be extremely
unpopular now to
reconvert the Jewels
into Money for the
purpose of repaying
the outstanding debt -

5 Under such
circumstances and
in compliance with
the request of the
Matt, Her Highness
the Maharani Regent
has been pleased to
direct that the
annual payments
in reduction of the
debt prescribed by the
proceedings of 10th
December 1896, ~~were~~ including the payment of
Rs 12500 which should be for this
year would be deducted by the
Salary 1900 Govt of the
Jagir collections above
referred to

~~above~~, be deferred for four years, on the understanding that the Mahajan utilizes the amount of Rs: 12500 per annum, to discharge the existing debts as detailed in the margin, and certifies it having done so, on each 1st June during 1900, 1901, 1902 and 1903. The payments towards the Palace debt will be resumed from 1904, the first of such resumed payments being made on 31st May of that year.

To Mr. Addagadda Ramappa (Srinjeri)	Rs: 20000.
Huligar Viswesvaria (Koppa Taluk)	20000.
Mani Ranjee (Shimoga)	5000.
Minor debts at Srinjeri	5000
Total Rs:	50,000

To.

Sir P. N. Krishnamurti, B.A., K.C.I.E.,
Dewan of Mysore,
Bangalore.

Sir,

I beg to submit that on the representation of His Holiness during his visit to Mysore in 1891 to have a loan of Rs 1,25,000 granted to this Matt from the Mysore Palace for the discharge of the then existing debts of the Matt, His Highness the late Maharaja Sri ChamaRajendra Wodeyar Bahadur was graciously pleased

to sanction in Government Proceedings —

No. 9479-82/1121 dated 28th November 1891 the grant of the loan prayed for by the Matt on condition that it should be repaid with interest at four (4) per cent per annum by twelve annual instalments of — Rs 12,500 each and a thirteenth instalment of Rs 6844-11-7 and in accordance with the sanction made, the Matt drew Rs1,25,000 from the Government Treasury by several instalments between 1891 and 1893. According to the terms of the grant, five instalments of Rs 12,500 per year were paid by the Matt to Government for years 1892 to 1896.

Again on His Holiness' representation to Her Highness the Maharani-Regent in 1895-96 after his religious tour in — Southern India, Her Highness was pleased to direct in Government Proceedings —

No. 6706-9/Mis 1267 dated 10th December 1896

that the loan granted to the Matt in 1891 and reduced by the instalments since paid by the Matt be raised to Rs 1,25,000 the amount originally lent. Accordingly Rs 14972—14—0 was placed at the credit of the Matt who were made to start with Rs 1,25,000 as principal on 31st May 1897 and as before two instalments of Rs 12,500 per year were paid by the Matt.

Then it was directed in Government Proceedings No $\frac{12122\text{-}5}{\text{Mis } 3556}$ dated 5th May 1900 that the annual payments of Rs 12,500 in reduction of the loan advanced to the Matt be deferred for four years, thereby enabling the Matt to discharge its other debts amounting to Rs 50,000.

From the above arrangement it is to be observed that on the 31st May 1904 the Matt would be indebted to the Palace to the extent of about Rs 1,30,000. Besides the

Pr 109,700
Out - 21,940

Matt has been ordered to pay annual instalments of Rs 12,500 in repayment of the loan from 31st May 1904.

Under these circumstances, I beg to request that you may be so - Kindly pleased as to take the matter submitted hereunder into your benign consideration and submit the same to His gracious Highness with your strong recommendation and thereby have the prayer of the Matt granted.

(1) It is not deemed possible to repay the Palace loan with interest by annual instalments of Rs 12,500 from the revenues of the Jahgir after meeting Murzai expenditure and other charities founded in and descended from olden times as also the Establishment and other charges, in case His Holiness - chooses to be in head-quarters alone.

(2) It is not possible for this Samsthan to make limited expenditure according to prescribed rules, which point I need not comment upon. The receipts are small and it has often to meet unexpected and unforeseen charges, by reason whereof it may be asserted that this Samsthan was always a debtor as will be made evident from a reference to the accounts of the past one hundred years.

(3) Although the payment of annual instalments of Rs 12,500 towards the repayment of the loan in question was deferred for four years with the view of enabling the Matt to discharge its other debts, it has not been able to do so and the liabilities of the Matt amount to Rs 1,60,000,

Rs 1,30,000 being payable to the Palace and Rs 30,000 to others

(4) His Holiness does not mean to go on a tour mainly with the idea of having the heavy debts of the Matt liquidated.

(5). It is to be observed here that the Matt has till now paid for interest only on the Palace loan about Rs 47,556- If it had paid twelve annual instalments of Rs 12,500 and the thirteenth instalment of Rs 6844-11-7 as agreed upon according to the arrangement made in 1891, it would have had to pay, for interest, only Rs 31844-11-7. In not acting up to the terms of the grant of the loan, the Matt had to pay Rs 15311-4-5 more for interest -

(6) It is requested therefore

that you may be so kindly pleased as to move His Highness the Maharaja and obtain His Highness' orders to make Rs 1,30,000 due to the Palace from the Matt as principal on 31st May 1904, which amount may be ordered to be repaid without interest within (26) twenty-six years by annual instalments of Rs 5,000, by which arrangement the Matt will be enabled not to incur any more debts in future and be emboldened to liquidate the existing Palace and other debts and to construct some important and necessary buildings after meeting Muzrai and other charges.

(7) If the above arrangement may not be possible, I beg to suggest an alternative arrangement as set forth as follows - The Matt used to get from

the Government Muzrai Department an annual Jasdik of Rs 12000 at the rate of Rs 1,000 per mensem from 1856 to 1879 but the same has been reduced by half the amount since the latter year. If the present reduced Jasdik be ordered to be raised to the amount formerly paid, that is, to Rs 12,000 per annum, the Matt would be highly obliged to His Highness' Government and thereby enable itself to repay the Palace loan with interest by annual instalments of Rs 12,500 after meeting other charges.

(8) If either of the two prayers above submitted be not granted, the Matt will be driven to incur debts year after year and debts accumulating, there is no doubt that this Samsthan

Samsthan will eventually sink into insignificance.

(9) I have herewith submitted for your kind perusal a copy of the budget Estimates of this Samsthan for 1903-04, wherein the total receipts from all sources are estimated at Rs 1,25,875 inclusive of the opening balance of Rs 5,000 and the total expenditure at Rs 1,19,959, leaving a closing balance of Rs 5916.

(10) The estimates under Receipts may fall short by twenty per cent owing to the difficulties attending Collection and other causes. Although

it is, no doubt, a good principle to effect a saving of one-fourth of the total income after meeting all charges. it is very much to be regretted that, in the case of this Samsthan, it is not possible to show a saving of at least one-tenth of the income.

(11) Under the head "V Miscellaneous — (B) Repayment of loans, provision has been made for Rs 24,000 with a view to have Rs 12,500 repaid towards the Palace loan and Rs 11,500 towards the discharge of other debts. For reasons above enumerated as also for the reason that, notwithstanding the provision of Rs 17,000 under "Repayment of loans" in the current years budget, only Rs 9,500 have been discharged,

it may be clearly stated that the expectations of the Matt may not come to pass.

(12) In Conclusion, I beg to request that you may be so kindly pleased as to submit all the points above enumerated to His Highness with your strong recommendation and issue early orders arranging for the discharge by the Matt of the Palace loan advanced to it in either of the two ways above proposed.

I beg to remain
Sir,

Your most obedient
Servant,

Agent,
Sringeri Matt.
